ABOUT

GOLFZON

Golfzon was founded in South Korea in 2000, and is the world leader in golf simulator technology. Golf Inc. Magazine's most innovative products of 2022, and Golf Digest Reader's Choice Award for best simulator from 2017 - 2021, Golfzon leads the way in innovation and expertise. With advancements in hardware and software, Golfzon continues to push boundaries and shatter preconceived notions about what simulator golf is truly capable of becoming. The release of TwoVision has thrust Golfzon into the limelight, while simultaneously allowing you to Experience Unreal.

In 2016, Golfzon America was born and quickly climbed the ranks to become the most innovative and immersive simulator in North America. Over 76 million rounds were played on Golfzon simulators last year, with 3.2 million registered members with access to over 6,200 simulators in 62 countries across the world.

We welcome you to the world of Golfzon!

COURSE MAPPING

Every square inch of a virtual Golfzon course is measured by our proprietary tri-layer videography technology to create crisp, 1080p HD visuals.

Drone course flyover mapping is paired with topographical and GPS data to provide the most robust and realistic courses available.

Each course is meticulously designed and created from start to finish in 2 months.

Every square inch is measured to provide golfers with up to 15 degrees of elevation change while utilizing the swing plate during gameplay.

GOLFZON FAMILY

For Golfzon, it's "all about golf." Our mission is to ensure that anyone can enjoy golf anywhere, at any time. Founded in South Korea in 2000, Golfzon is the world leader in golf simulator market share. Over 200,000 rounds are played every day on our simulators, worldwide. Golfzon entered the North American market in 2016. Since then, over 100 private indoor golf entertainment facilities have launched in North America, exclusively showcasing Golfzon simulator technology. Our residential customer base is also rapidly expanding, growing 30% year over year.

Golfzon America is proudly launching two new corporate brands to serve the rising demand for indoor golf entertainment. Golfzon Range by Leadbetter provides access to indoor practice facilities with our GDR+ simulators, golf technology, and professional instructors, to help golfers at all levels develop their skills in a fun, un intimidating environment. Golfzon Social, managed by Troon Golf, brings a real world, 18-hole golf experience through our TwoVision simulators, to an indoor entertainment venue for individual, family, corporate, tournament and league play.

We welcome you to Experience Unreal with Golfzon simulators.
